

The Day a Bird Took My Tooth Out.

by Ariana

One Sunny Spring morning, my tooth was loose and I couldn't  
take it out!

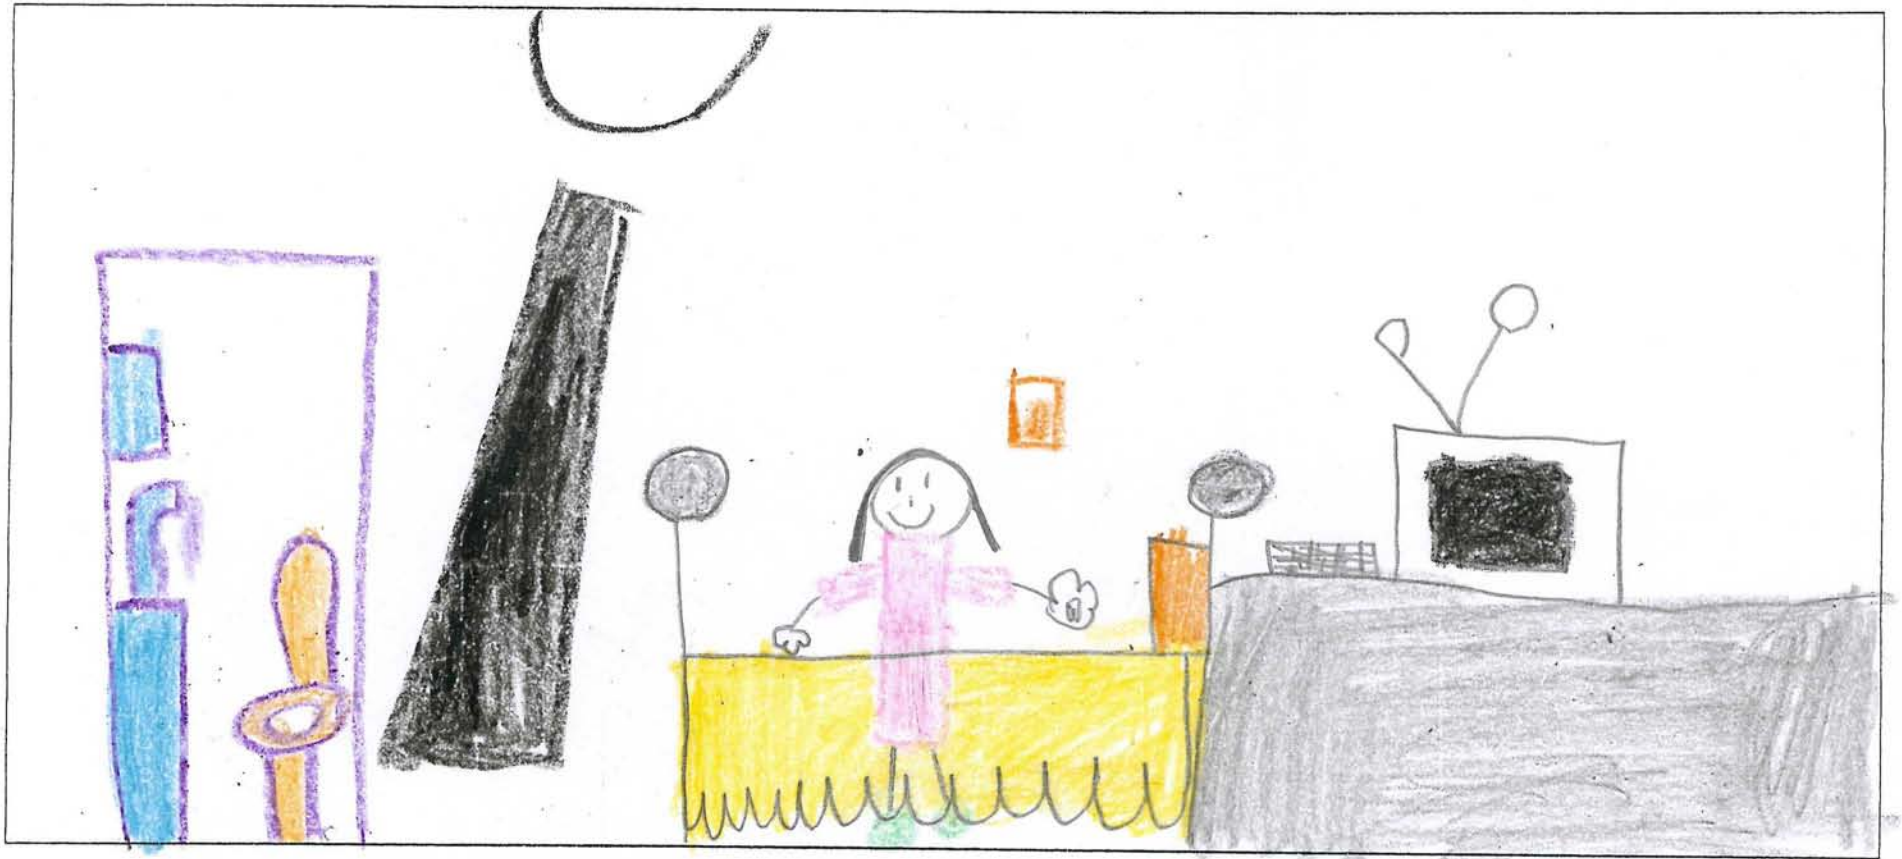

So I ask my mother She couldn't take it out either!

So I went outside to think and then...

...a funny looking bird showed up! I walked up to him and he looked like a dentist so he tried and tried. He tried to take my tooth out.

He did it. And now I finally have my  
tooth out! so I'm going to put it under  
my pillow!

So in the morning I had MONEY!  
So I showed my friends! The End
